

## Privacy Statement

IS Chemical Technology is committed to protecting your privacy. You can visit most pages on our site without giving us any information about yourself. But sometimes we do need information to provide services that you request, and this privacy statement explains what data we collect, how we use and protect them.

### **What Information We Collect and how we use it**

#### *Information from Unregistered Visitors*

Visitors can access the website and browse some areas of it without disclosing any personally identifiable information. We do track information provided to us by your browser, including the website you came from, the type of browser you use, the time and date of access, and other information that does not personally identify you.

This information tells us how many users visited our websites and the pages accessed, and helps us to best tailor our websites to our visitors.

#### *Information from Registered Visitors*

On most of our websites, you must register to use the entire site. When you register for service on our websites, you are asked to provide us with identifying information, such as your name, email address, as well as other similar personal information. On our registration screens, we clearly label which information is required for registration, and which information is optional and may be given at your discretion.

This information will help us to offer you related service or carry out the issue according to your requirement or enforcement.

### **How We Protect Your Information**

Information regarding you (such as name, address, and phone number) or your order and the products and services that you purchase will not be given or sold to any outside organization for its use in marketing or solicitation without your consent.

IS Chemical Technology websites have security measures in place to protect the loss, misuse, and alteration of the information under our control. For security reasons we cannot provide information on the various measures and controls we have in place to protect your information.

### **What you can do**

You will be able to change, correct or remove any information at any time that is registered in IS Chemical Technology websites. You may also terminate your website registration at any time by sending an email to us.

#### How to Contact Us

If you have any questions or comments about this Privacy Statement or if you would like us to update information we have about you or your preferences, please contact us by email [customerservice@ispharm.com](mailto:customerservice@ispharm.com).
